

The Fairfax County Solid Waste Management Program will be sponsoring one secure document shredding event in each supervisory district in the county in 2010. These events offer county residents an opportunity to destroy up to 5 medium-sized boxes of paper at no cost. Event dates, times and locations are listed below. For a complete list of recycling events scheduled for 2010, visit our online calendar of events at [www.fairfaxcounty.gov/recycling](http://www.fairfaxcounty.gov/recycling).

Residents will be limited to shredding up to five medium-sized boxes of paper per household. This will allow us to extend this opportunity to as many residents as possible. To maximize this opportunity, residents should take care that documents brought for shredding contain information of a personal or sensitive nature such as tax documents, medical or financial records. Junk mail, newspapers, magazines and other forms of paper will not be shredded but can be recycled through your normal recycling collection service.

Please remove all paper from binders and remove all paper clips, binder clips and rubber bands; staples are okay. This event is for paper document shredding only, we will not be able to shred information stored on film or computer discs for destruction.

The Fairfax County Solid Waste Management Program partners with a privately-owned document shredding company to utilize shredding trucks to securely shred personal and sensitive documents at the event location and transport the shredded material to a local recycling center to be recycled.

For additional information, please contact us at 703-324-5230, TTY 711.
